

FURUTECH

PURE TRANSMISSION

FT-7254(R)

High Performance 4 Polarity 2.5mm Stereo Connector

Premier Performance and Legendary Build Quality

Furutech makes a wide variety of OEM parts known the world over for their quality construction and superb sound. Our engineers examine every part of the signal and power path no matter how small and optimize each and every connection.

Take 4 polarity 2.5mm stereo connectors:

Furutech's beautifully finished, beautiful sounding FT-7254(R) connectors are the result of meticulous engineering and careful audition of various suitable materials. The FT-7254(R) features a hybrid pin constructed with rhodium plated alpha hybrid copper and SUS with special audio grade P.P. resin insulation for minimal impedance and nonmagnetic stainless housing for superior damping.

Features and Materials

Main conductor: Hybrid pin constructed with rhodium plated alpha hybrid copper and SUS

Ground conductor: Nonmagnetic Rhodium-plated α (Alpha) hybrid copper

Insulation with special audio grade P.P. Resin

Housing: Nonmagnetic stainless steel.

Cable Clamp: Copper Alloy

Specified for core insulation diameters up to 5.0mm

Connections: Soldered

Dimensions: Housing: $10.3 \phi \times 25.0\text{mm}$ overall length; Total overall length: 39.6 mm approx.

All metallic parts are treated with the

**FURUTECH α (Alpha) Process (Super Cryogenic & Demagnetizing Treatment.)*

Make a More Powerful Connection with Furutech!
