

***Introducing the Extraordinary ADL iDevice iD-35SP and iD-35L 3.5mm Companion Stereo Cable
The Highest Performance Personal Stereo Cable You Can Find!***

iD-35SP-0.15M

iD-35L-0.15M

When it's impractical to connect your Cruise headphone amp via its USB input we've created the iD-35SP and iD-35L 3.5mm analog stereo cable. The iD-35 cables feature silver-plated α (Alpha) OCC conductor for minimal transmission loss and 24k gold-plated connectors. The cable achieves superior noise isolation with two-layer shielding – aluminum foil and tinned copper -- in a RoHS-compliant sheath. The main conductors are treated with Furutech's α (Alpha) Process – a deep cryogenic and demagnetizing treatment.

USB sounds best, but the iD-35 comes in a close second! Either way you'll enjoy some of the best sound available while looking – and sounding -- as hip as they come!

Connector Type iD-35SP-0.15M: Straight-to-Straight / iD-35L-0.15M: Straight-to-Angled
Cable Length: 15cm (0.5ft)
